

A NEW VIEW OF THE SITUATION

Wisconsin Legislature May Adjourn Without Choosing Any Senator At All.

DEADLOGK IS APPARENTLY SOLID

Stephenson Is Now Sorry He Got Into The Race, But Does Not See How He Can Very Well Drop Out.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., May 6.—The senatorial situation, refuses to be settled, despite the efforts of all the candidates to find some way out of the muddle. The belief is growing that the legislature will be forced to adjourn without a selection and that Senator La Follette will be the lone senator from this state for the next two years.

It is hinted in some quarters that this has been his object and that he had deliberately created a deadlock to effect such a result and at the same time, so to bind his friends to him with promises that while none of them is elected none is defeated in his race for the office.

The contest went along with little show of feeling until last week, but now there are evidences of some bitterness, particularly among the Stephenson men. The situation with him and the race for the senate is much like that of eight or ten years ago, when he was defeated by the failure of his stalwart friends to come to his salvation.

The failure to secure the election put Stephenson at the head of the La Follette branch of the party and his financial aid made La Follette's success possible.

Blow to Stephenson's Pride.

Now, however, Mr. Stephenson, who turned against his old friends when they failed to elect him senator, finds he is getting the same sort of treatment from his few friends. To learn that those new friends were friendly with him for revenue only has been a sad blow to Mr. Stephenson's pride.

When Stephenson entered the field he had little doubt that he could easily secure the election. It is said that if he knew then what he does now he never would have tried for the office. Now he sees that too many candidates have been brought out as favorite sons for him to have much chance of election and he will die with this second defeat over him instead of with the toga as his winding sheet. He does not see how he can get out of the race, nor does he see how he can win.

At one time Mr. Stephenson was inclined to blame Congressman Esch for the difficulty, thinking that Esch, by a combination with the stalwarts, had blocked the program of Senator La Follette. Now, however, he is turning to Irvine Lenroot of Superior as his scapegoat and he thinks that the "Superior man," who should be his friend and supporter, is deliberately blocking his election, though with no chance of winning the fight himself.

Asks Others to Quit.

Mr. Stephenson called a conference of the leaders and proposed the dropping of Lenroot, the giving up of the Esch boom and the election of himself. The leaders, however, as on other occasions, declared that their own candidates were just as ready to accept the plume of victory as to be abandoned in the interest of the millionaire lumberman.

While La Follette promised to throw his influence to send Stephenson to the senate, he found that to elect Stephenson was to ruin his career by making him stand as a supporter of one of the money barons whom he has been fighting. This being the case, Stephenson is asking why could not La Follette become the only senator at Washington for a couple of years without incurring this stigma of repaying with a seat in the millionaires' club the man who furnished the cash to make La Follette a successful reformer or muckraker.

No Break in Sight.

Next week is expected to bring no break in the deadlock, but the other legislative affairs are progressing well and it is now proposed to order the committee to report out ready for passage any measures in their care. This would clear the decks for an adjournment without a solution of the senatorial problem.

ASKS ACCOUNTING IN COURT OF DEAL

Electric Road to New York is in Legal Difficulties at Present.

[BY ASSOCIATED PRESS.]

Chicago, May 6.—Theodore Nemoyer, a stockholder in the New York Electric Air-Line railroad, today filed a bill in the circuit court seeking to test the validity of the contract entered into between the railroad and Co-Operative Construction Co. to compel certain persons to return stock allegedly received from the railroad. The acts of the officials and the railroad are questioned and an accounting is asked for.

ROOSEVELT FIRES 1ST SHOT BY WIRE
German Rifle Clubs Holding First National Tournament in the S'yth.

[SPECIAL TO THE GAZETTE.]

Charleston, S. C., May 6.—This is the week of the fifth triennial festival of the National Schuetzenbund and in honor of the visitors from all parts of the country, Charleston has decked herself out in the national colors of America and Germany. The association is made up of more than 100 German rifle clubs located throughout the country and this is the first time that its national tournament ever has been in the south. Many visitors have already reached the city and many more are on their way. The program of the festival extends over an entire week and is replete with interesting features. The target ranges have been built on magnificent grounds along the Ashley river within easy distance of the city. Here there will be held a series of rifle contests for prizes aggregating \$20,000. It has been arranged that resident Roosevelt, who believes in encouraging rifle practice, shall fire the first gun in the tournament. As the president cannot attend in person, a rifle will be carefully sighted and secured in position. This will be connected with the white house by an electric wire and all the president will have to do is to press a button. If a bullseye is not scored it will not be the president's fault. The social features of the week are to be especially elaborate and every hour will be taken up with some form of entertainment. In addition to parades, receptions and concerts there will be a number of excursions to points of historic interest or amusement in the vicinity of Charleston.

CLASSIC KENTUCKY DERBY RUN TODAY
Thirty-Day Race Meet on Churchill Downs, Louisville, Opened Today.

[SPECIAL TO THE GAZETTE.]

Louisville, Ky., May 6.—Beginning today with the classic Kentucky Derby, the famous track at Churchill Downs, the home of the Louisville Jockey club, will be the scene of thirty days of racing. During the past few days numerous consignments of fast horses have arrived at the track from Lexington, from the southern tracks and from California and from all indications the meeting will be up to the high standard established by the club in years gone by.

BIG TUBERCULOSIS CONVENTION IS ON
Roosevelt, An Honorable Vice-President of Association, Will Give Reception.

[SPECIAL TO THE GAZETTE.]

Washington, D. C., May 6.—The National Association for the Study and Prevention of Tuberculosis began its third annual meeting in this city today, with headquarters at the New Willard. Leading medical men and health officials from all parts of the country were present at the beginning of business this morning. The session was opened with an address by the president, Dr. Hermann M. Biggs, chief medical officer of the New York health department. Dr. Lawrence P. Flick of Philadelphia presented a report on the progress of the arrangements for the international congress to be held in this city next year. The transaction of routine business and meetings of several of the sections of the association occupied the remainder of the day. This evening there is to be a meeting of the advisory council to listen to a paper by Dr. Biggs on "Compulsory Notification and Registration of Tuberculosis." Tomorrow morning President Roosevelt, who is one of the honorary vice-presidents of the association, will give a reception at the white house to its members.

RED FEZED MASONS MAKE MERRY AT LOS ANGELES

Week Of Many Festivals, Excursions And Entertainments In Connection With Imperial Council Session.

Los Angeles, Calif., May 6.—The Turkish and other public places of Los Angeles are dotted today with the red fezzes worn by the nobles of the Mystic Shrine, and the regalia of the order is attracting attention in all parts of the city. The annual sessions of the Imperial council of the Mystic Shrine will begin tomorrow, and the members are arriving on every train. With bands playing and banners flying delegations of hundreds of members of the order, accompanied by their wives and families, have poured into the city during the past twenty-four hours from every state of the union, from Canada and from across of the Mexican border.

The visitors have received the warmest kind of a welcome. From every place of business and from many private residences there float the national colors interspersed with the emblems of the Shriners. Flags and bunting are lavishly displayed and handsome arches span some of the main street intersections.

Today the visitors were taken on an excursion to Avalon, Catalina Island, to attend the opening of the mid-summer water carnival. The program of business and entertainment for the remainder of the week is as follows:

Tuesday morning. The Imperial council will begin its sessions at the Scottish Rite cathedral. Afternoon: Typical California banquet in honor of the Imperial council. Excursion to the Imperial council. In the evening there will be a grand parade of the Imperial council, Arab patrols and Shriners acting as escort to the electrical Turkish and Moorish pageant. After the parade the Arab patrols will be given the guests at a banquet to be given in their honor by the Arab and Bedouin patrols of Los Angeles.

Wednesday. Business session of the Imperial council. Automobile and trolley rides about the city. Exhibition drill by all Arab patrols in Ascot Park. Exhibition of Japanese daylight reworks, especially designed and made to order for the occasion in Japan. Evening: Second grand parade of the electrical Turkish and Moorish pageant.

Thursday. Special excursion for all Arab patrols to Avalon, Catalina Island. Evening: Third and last parade of the electrical Turkish and Moorish pageant. Theatre parties.

Friday. L. Fiesta del los Flores; one of the most attractive events of the entertainment program. Miles of decorated coaches, carriages, automobiles, equestrians and bicycles. Evening: Grand Shrine ball at Al Malak's new auditorium.

Saturday. Grand Spanish barbeque and bullhead breakfast at San Gabriel—unique and typical Spanish dishes will be served to 10,000 visitors. Following the barbeque and breakfast, cowboys from the ranges of Arizona, New Mexico and California will give a true western exhibition of steer roping. The barbeque and exhibition will take place on the grounds of the southern California Masonic home, within sight of the San Gabriel mission, founded by the Franciscan Fathers in 1771.

WOULD MAKE STATE SHOW THE EVIDENCE

Attorneys for Haywood Start Clever Dodge to Make State Dis-close Its Hand.

[BY ASSOCIATED PRESS.]

Noise, Idaho, May 6.—The application for a bill of particulars was filed by the counsel for the defense in the case of William Haywood, secretary and treasurer of the Western Federation of Miners, who on Thursday next will be placed on trial charged with the murder of former Governor Steunenberg, and came up for argument today. The purpose of the application is to force the state to show in advance of the trial, in what manner the state expects to link Haywood with the murder. This would necessarily mean the exposure of the evidence in the hands of the state. The motion for the bill will be vigorously opposed by the state's attorney.

Immediately before the opening of the counsel for the defense said to the associated press representative: "Under the laws of the constitution, Moyer, Haywood, and Pettibone are to be tried in court by their peers. The forum is the state court of Idaho. Under these facts I do not see what there is for the President to do. All we have the right or desire to ask either of him or of any other citizen is to leave the court's jury administrator, the law fairly and without prejudice and without influence from the outside."

ASKS CITY TO PAY \$1,400 DAMAGES

Charles McKewan Claims That Grading Contractors Failed to Build Retaining Walls for His Lot.

Because the agents of the city in grading the sections of the Norcross street and Garfield avenue which pass by lot 8 of block 1 of the Forest Park addition, are alleged to have failed to build any lateral supports for the soil on the south and west sides of the said property in order to prevent the same from caving in; and because they are furthermore alleged not to have left any proper surface material on the highways, but on the contrary to have allowed whatever soil was turned up—mostly sticky clay to remain, rendering the same streets practically impassable, Charles McKewan claims to have been damaged to the extent of \$1,400 and asks restitution of the city in a claim filed by his attorneys, Ruger & Ruger, at the city hall. The claimant recites that one James Ryan, employee of the city and performed these alleged unlawful and wrongful acts with the consent of the city council, on August 6, 1906. He says that he had to have the south side of his property terraced to prevent its sloping off into the road. To build a proper wall, he estimates, will cost \$300 and to property grave the road, not less than \$600. There fore he cheerfully asks for city to foot the bill of \$1,400.

WEBB TALKED ON
CONFIRMATION

BISHOP OF MILWAUKEE DIOCESE
AT CHRIST CHURCH.

IT IS NOT JOINING CHURCH

Ceremony is Material Expression of
God's Acceptance of Us as His
Soldiers.

Bishop W. V. Webb, head of the
Milwaukee diocese of the Episcopal
church, administered the apostolic
rite of confirmation to a class of four
at Christ church yesterday morning.
Occupying the pulpit for the service
he chose confirmation for the theme
of his sermon—finding his text in St.
Paul's epistle to Timothy: "Thou
therefore endure hardness as a good
soldier of Jesus Christ." In explanation
of this military terminology the
bishop said that each Christian was
engaged in a fight against the world,
the flesh and the devil; that confirma-
tion made us a soldier of Christ.

Baptism is joining church.
Confirmation, continued the speaker,
is not the act of joining the church.
Baptism is the ceremony by which a
soul is linked to Christ. The rite is
administered in the infant of the
subject for children, possessing neither
the knowledge to be unbelievers
nor power to sin, are most fit to be
made church members, by no viola-
tion of God's laws have they erected
a wall against themselves that must
be broken down by faith and peni-
tence. At confirmation we take the
vows made at baptism by our sponsor,
god mothers and god fathers; but con-
firmation is what God does and not
what we do. The word confirmation is
not mentioned in the Bible; the
ceremony is termed the laying on of
the hands, by which are conferred the
sevenfold gifts of the Holy Spirit.

The Gifts of Confirmation.
The six of these gifts from which
we go to perfection are mentioned in
the first and second verses of Hebrews
5. Two, repentance and faith, are in-
ternal, two baptism and the laying
on of the hands are external and the
others, resurrection and day of judg-
ment, are the foundation principles of
our lives. The sacramental principle
is the conferring of spiritual gifts by
an outward, material ceremony.

What is a Good Soldier?
When we become soldiers of Christ
we are expected to do our duty. To
test our obedience and faith God has
placed down certain rules, not com-
pelling us to do heroic things, but to
be careful of all details. To be a sol-
dier we must love and be devoted to
our leader; we must be morally
courageous that we do not have to
slit off our religion from our business
life; we must be well disciplined
and obedient; we must have order and
regularity about our religion; for nine-
tenths of all we do is done by habit.

DETAILS OF PLAN
TO ESTABLISH AN
AUTO FACTORY HERE

Local Business Men Are Confident
That the Project Announced by
the Gazette a Fortnight Ago
Will Materialize.

Mention was made in the Gazette
of Monday, April 23, of the fact that
W. O. Thomas of Chicago, who had
played the pipe organ at the Congrega-
tional church on the preceding Sun-
day, was the leading spirit in a tenta-
tive project to establish an automo-
bile factory in Janesville. Since that
time several leading local business
men have become interested in the
plan and it is understood that all of
the stock to be disposed of here will
be subscribed just as soon as one or
two who have made verbal applica-
tion for the same and who are at
present absent from the city, return
to affix their signatures to the formal
agreement.

Mr. Thomas is at present consult-
ing engineer of the International Har-
vester Co. of Chicago, the Allis-
Chalmers Co. of Milwaukee, and the
Chicago & North-Western Railway Co.,
and has had charge of the big water
power and electrical works at the
"Soo." Moreover, during the past
two or three years he had been em-
ployed at one time or another by
most of the large automobile com-
panies in the United States, to per-
fect and improve, or in the vernacu-
lar "take the bugs out of," their cars.
England is his native country and he
came to America at the request of
Bion J. Arnold, a street railway ex-
ecutive expert. Recently he became
interested in Janesville through the
Smith, who made his acquaintance in
Chicago, came here, liked the town
and the people, and in the course of
his conversation dropped some re-
marks about his intention of incor-
porating some of his own ideas and
valuable patents in an experimental
touring car, and if it proved success-
ful of engaging in the manufacture
of the machines on a large scale.

It may be surmised that his hear-
ers were all ears, and they lost no
time in endeavoring to persuade him
to give the business men here a
chance and abandon his idea of lo-
cating in either of the two Indiana or
Illinois cities where offers of joining
him in the enterprise had been made.
Negotiations have progressed to such
a stage that it is almost a certainty
that the financial co-operation of local
citizens will be accepted, and if it is,
and the preliminary experiments
work out satisfactorily, the new in-
dustry is assured to Janesville. For
this is to be a part of the understand-
ing and agreement.

Here is the plan. During the next
four months Mr. Thomas will set up
in Chicago a model machine embody-
ing his ideas. If deemed successful
the experimental car will be brought
here and the work of assembling
fully duplicates for the 1908 market
commenced. It all goes well 150 cars
will be made for the 1908 trade.
Eventually, according to the plan, the
concern will manufacture nearly every
part of the car in its own factory and
this will mean that from 200 to 300
skilled workmen will be employed.
A high grade six cylinder car, selling
for the moderate price of from \$2,000
to \$2,500 and competing with the best
to be had anywhere in the world, is
to be the leading line.

Besides the local men, there will be
associated with Mr. Thomas in the
enterprise several of the head officials
of the Atchison, Topeka & Santa Fe
and the Chicago & North-Western
railroad companies.

EDGERTON LEADS IN
THE WEED PACKING

Ten Firms in This City Have Handled
Six Million Pounds of Tobacco
This Last Season.

Edgerton, Wis., May 6.—To those
who have but little idea of the magni-
tude of the leaf tobacco business in
the vicinity of Edgerton, some may
be of interest. Of the weed, whose
chief mission is to go up in smoke,
there have been handled by the ten
firms or individual dealers that have
operated warehouses in our city dur-
ing the last season, between 5,000,000
and 6,000,000 pounds and upward of
18,000 cases constitute the season's
packing of wrappers and binders. It
is estimated that between \$600,000
and \$700,000 have been checked out
of the banks for last season's crop,
and for the labor involved in putting
it up, and the latter is no inconsider-
able item, amounting as it does to
sixty-four thousand dollars.

Just how many people have been
employed in tobacco work the last
winter is, of course, difficult to de-
termine, but from the data at hand
the number must have been well up
toward five hundred. Some of the
warehouses opened about the middle
of December, but in the majority, as-
sorting was not commenced until af-
ter New Year's, and although most
of the packers are now through, yet
there are a couple who have tobacco
on hand to occupy them for four to
eight weeks longer.

The largest packing has been put
up by the American Cigar company,
whose local agent is Ald. John Holman.
At their fine warehouse at the south
end of Turner's park addition, this
firm has received 2,049,019 pounds of
tobacco, all of which came from the
farms around this city with the ex-
ception of two carloads shipped here
from "McFarland" in the neighborhood
of 7,000 cases of wrappers and bind-
ers, have been packed—more than
filling the big new storage warehouse
of 250x55 feet, so that a part of the
packing has had to be shipped to
Madison and other points for storage.

MOZART SINGERS TO
KEEP ANNIVERSARY

Celebrate The First Year of Their
Existence This Evening by
Dance.

Just a year ago the Mozart Singing
society was organized by prominent
singers of the city who had formerly

ciety. This evening they will cele-

LAUGH-PROVOKING
TOYLAND TRAVESTY

"The Gingerbread Man" Pleased Two
Big Audiences at the Myers
Theatre Saturday.

"The Gingerbread Man," an opera
bouffe drawn from the fanciful realm
of the nursery rhymes, pleased two
large audiences at the Myers theatre
on Saturday. The clever lines, and
lyrics are by Frederick Rankin and
A. Baldwin Sloan, the composer of
the ornate and appealing music—one
of the most intricate and difficult
scores that the local musicians have
been called upon to play this year.
Freddy Nice, who played the name
part, was in the good graces of the
audience from the moment he shuf-
fled down from his perch in the bake-
store window, and the listener who
was in the right mood found pleasure
in the antics and log-horn voice of
Harry Bond, the "Rary Queen," the
pervasive philosophy of Joseph Kear-
ney as "Wondrous Wise," the mental
and physical gymnastics of Ben Grin-
well, the very humorous "King
Bum," and the gyrations of George
Hoey, Jr.'s "Foxy Diagon."

Mildred Blaine, as "Jack Homer,"
had the principal singing role and
though so severely handicapped by
illness during the evening perform-
ance that a physician had to be called
to attend her between acts, pleased
everyone with the high quality of her
work. Pleasing too, except in its up-
per register, was the voice of Miss
Madge Lawrence, who played the
part of the "Princess Sugar Plum."
Corinne Frances was a delightful
"Margery Daw," and all of the other
parts were well taken.

If there were few comely faces in
the chorus, it was splendidly costumed
and wonderfully well drilled, as the
Sleigh-Bells ensemble, and other fea-
tures testified. The "Moon, Moon
Moon" song with the gorgeous cres-
cent and moon-goddess slowly swung
through the background of changing
sky, the novel dance of the "Teddy
Bears," the nursery rhymes with mod-
ern adaptations by the "Gingerbread
Man" and "Margery Daw," and the
"Every Little Something" song by the
sextette of principals, were all splen-
did features.

"The Gingerbread Man" is better
than "The Land of Nod" which ap-
peared here about a year ago. The work
is equally divided among several prin-
ciples instead of being assigned to one
or two. Yet it is so well distributed
that no one, with the possible excep-
tion of "Fudge, the dealer in black
arts," has an opportunity to become
themselves.

Notice for City Printing.

As required by order adopted by the
common council, April 15th, 1907.
Sealed proposals will be received by
the undersigned city clerk of the city
of Janesville, until the 7th day, of
May, 1907, at 12 o'clock noon, to print
in the English language, during the
ensuing year, all ordinances, notices
and city advertising required by law,
or by resolution of ordinance of the
common council, to be published in
newspapers. Also, separate proposals
will be received to publish, in the
English language such proceedings of
the common council, as the council
may order to be published during such
year.

A. E. BADGER,
City Clerk.

WHAT LAWYER SAYS
AS TO HIS BRIEFS

Wilson Lane Compliments Gazette
Printing Company on Its
Fine Work.

The following letter from Wilson
Lane's attorney, regarding the Ga-
zette's facilities for handling briefs
work, will be of interest to lawyers
who are often pressed for time in
the production of their briefs and
cases.

Janesville, Wis.

Gazette Printing Co.

Gentlemen:
In regard to your facilities for
printing cases and briefs for attor-
neys, I will say that within the last
year you have executed for me four
of the neatest, most satisfactory and
most expeditious jobs of case and
brief work I have ever had or seen
done anywhere.

Yours &c.,
WILSON LANE,
Att'y.

The Gazette is equipped for night
work on rush briefs and can handle
this class of printing very satisfac-
torily.

STORK WAS BUSY IN
DELIVERING ORDERS

Many New Arrivals Noted Within the
Past Few Days—One Remark-
able Case.

Within the past few days the stork
has been very busy in, and about
Janesville. On Saturday a daughter
was born at the Walter-McBain home
on Jackson street under unusual cir-
cumstances. Five generations were in
the house at the time of the arrival,
the oldest of whom was the baby's
great-grandfather, aged eighty-
two, the great-grandmother, aged fifty-
six, the grandmother, aged thirty-
four, and the mother, aged sixteen.
A son arrived yesterday at the
home of Mr. and Mrs. Alf. Lobendun
on South Franklin street.
On Saturday a daughter arrived at
the home of Mr. and Mrs. Arthur
Fisher.

Mr. and Mrs. Abellie Hadden of
Rock Prairie also rejoice in the safe
arrival of a daughter, born Saturday.

A Growler.

"Many-a-man" said Brother Wil-
lams, "growls 'kaze he ain't got aut-
tin' ter growl 'bout.' I once knowed
a man what growled 'kaze de spots on
de sun wuzn't big enough ter be a
shade-umbreller fer him while he wuz
pLOWIN' in July."

The Sisters of Mercy also have a re-
port to make as to other contribu-
tions that have been sent them during
the past month. The following is the
list they have handed to the press for
publication with their thanks. Among
these will be found many articles of
use to the hospital as well as gifts of
money. The largest single contribu-
tion coming from John McGinnity, of
Denver, Colo., who sent \$500. The fol-
lowing is the list:
Mr. F. S. Winslow, treasurer of the
Oaklawn Hospital association, had on
hand when said association went out
of existence, \$123.40.
Rev. R. C. Denison, chairman of
committee on the sale of furniture of

Oaklawn hospital realized the sum of
\$109.23. The above named gentlemen
have handed over the money to the
present hospital management.
Mr. John McGinnity of Denver,
Colo., gave \$500.
Knights of Columbus of Janesville,
Wis., a carriage.
The trainmen from proceeds of their
ball last fall, \$75.
James, Berney and Mr. Sykes each
gave \$5.
Rev. Goebel, a beautiful leather
Davenport.
Dr. Pember, a wheel chair.
Dr. and Mrs. E. F. Woods, 5 dozen
jars preserved fruit, also fresh fruit
and flowers.
Mr. W. T. Flaherty, a receipted bill
for \$10.50.
City Ice company's reduction on bill
\$1.
Mr. James McGinnity, a horse.
H. Nelson, a beautiful doorplate.
J. Woods, surgical supplies and
medicine.
Miss Baker and Miss Kavanagh,
magazines.
The Leonard-Underwood company
gave ten per cent. of the sales of
Easter week in millinery department.
The following young ladies volunteer-
ed their services for the week:
Misses G. and N. Hayes, F. Dooley,
A. Ludden, N. Ryan, M. Joyce and B.
Devins, and returned for hospital,
\$20.89.
Our mayor, the Honorable S. B.
Headles, donated the flowers which
decorated his desk at the first meet-
ing over which he presided. The fact
that His Honor accompanied the gift
and presented it in person makes his
thoughtful generosity doubly prized
by the sisters and patients.

Thrones of the Sultan.
The Turkish sultan has several
throne, of which the principal is in
the palace of Dolma-Bajete. It is a
seventeenth century work and was
constructed for Abbas the Great. It
is of pure white marble, which is
habitually covered with the richest
gold and cashmere shawls. The sultan
when occupying it reclines against
a cushion encased in a network of
pearls.

..Forty Years Ago..

Janesville Daily Gazette, Monday, May 6, 1867—Thinking to have a little fun at the expense of a newspaper called the Northwestern Advance, a member of the common council moved that it be declared the official city paper. Whereupon the Advance swallows the bait, and returns thanks publicly for the compliment. It had no occasion, however, to thank the temperance men in the council for their support, as it did not receive any from them.

Silver and Gold Plating of All Kinds of Metal.—Mr. Joel Wright from New York, has just opened a silver plating establishment over E. L. Wright's music store, No. 7 Main street, and is ready to do all kinds of plating and will warrant satisfaction. Families and hotels will find it to their advantage to have their delicate

silverware replated. All styles of goods replated, such as knives, forks, napkin rings, butter knives, etc., etc., for less than the cost of new ones. Ladies can have their bimbles, pins, spectacles, rings, chains and all metal ornaments plated with gold or silver. Gentlemen can have their watches, chains, keys, ornaments on musical instruments and in short, all styles or kinds of metal replated. New styles will be kept for sale and orders are solicited and promptly attended to.

General Botha

General Louis Botha, the new premier of the Transvaal, was born in Dutch South Africa, in 1863, and after an education in the public schools of his province, he became prominent in the political struggle which had already begun in the Transvaal. He was a member of the First Volksraad of the Transvaal and represented Vryheid in that legislative body. He was a volk commandant when the final Boer-British war broke out, but fought his way upward, finally succeeding General Joubert in the supreme command of the Boer armies. He commanded at the battle of Colenso. He has since that war, been a firm advocate of lasting peace between the British and Dutch races in the Transvaal.

BRIGHT OUTLOOK FOR LAKE SEASON

SHIPPING PROSPECTS NEVER BETTER THAN IN 1907.

BIG GROWTH OF TRAFFIC

Revolution Worked by Building of the 10,000-Ton Freighters—New Ships Turned Out Rapidly.

Detroit, Mich., May 6.—President Livingston of the Lake Carriers' association, when asked, Sunday, as to the shipping prospects for the coming year, said:

"I think the outlook was never better than it is on the opening of the season of 1907. The magnitude of the business on the lakes during the past five years, in the distribution of products between the east and the west, is difficult to realize. Four years ago, the first 10,000-ton freighter was brought out. It was then an experiment. But it was so successful that it has revolutionized lake carrying, and practically all of the contracts which are now crowding the shipyards are for boats of this size or larger.

"I am confident of a great increase in east and west-bound freight this year, in all the great staples—iron ore, coal, copper, grain and general merchandise. Last year the total traffic by way of the Sault was over 50,000,000 tons, an increase of over 7,000,000 tons from the previous year, an increase of over 20,000,000 tons in two years. The opening of this year indicates a similar ratio of increase in this traffic. In addition to that through the Sault, there was approximately 18,000,000 tons of freight moved to and from Chicago and other Lake Michigan ports by way of the Straits of Mackinac, and there will be a corresponding increase in this branch this year. This makes the total traffic from the upper lakes about 70,000,000 tons last year, with prospects of further increase this year.

"With new ships coming from the yards as fast as they can be turned out, I foresee for the great lakes, as an artery of traffic between the east and west, the most successful year in their history."

INTERURBAN CARS COLLIDE.

Two Persons Fatally Injured and Many Less Seriously Hurt.

Toledo, O., May 6.—Two persons were fatally hurt and more than a score seriously injured in a head-on collision on the Toledo Urban & Interurban road a half mile out of Bowling Green Sunday night. Both cars were late and going at a high rate of speed. The cars were telescoped.

The fatally injured are: S. A. Dugan, concussion of brain; and an unidentified woman about 40, three holes in forehead and skull, exposing brain.

Suicide in Kansas City.

Kansas City, Mo., May 6.—W. R. Haymaker, aged 65 years, formerly an alderman of Fort Worth, Tex., committed suicide in the Monarch hotel in this city Sunday because of dependency induced by ill health and the anticipation of being placed on trial in St. Louis next month on the charge of shooting a man there.

Mysterious Theft from a Bank.

Kansas City, Mo., May 6.—A small sheet iron box containing \$8,000 disappeared a week ago from the National Bank of Commerce. Neither the box nor the money has yet been recovered and the theft remains a mystery to the bank's officers.

S.S.S. NATURE'S TONIC

Every one should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from the inactive, indoor life and from the heavy, rich foods of the Winter season. The blood, being in this unnatural and disordered condition, is unable to furnish the body with the increased amount of nourishment necessary for the more energetic life of Spring and Summer, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation. When the system is in this run-down and disordered condition it is not safe to take unknown concoctions, sarsaparillas, compounds, etc., because they usually contain potash or some other equally strong and harmful mineral ingredient, which acts unfavorably and often dangerously on the depleted, weakened system at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. S. S. S. is appropriately called Nature's tonic. It is made entirely of roots, herbs and barks from the great storehouse of forest and field, selected for their purifying and health-restoring qualities, and as it does not contain the slightest trace of mineral in any form it is perfectly safe for young or old. S. S. S. acts directly on the blood, ridding it of all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is able to supply the system with the healthful, invigorating energy needed to pass the trying season of the year. Its action is the most pleasant, prompt and satisfactory of all tonics, and those who feel the need of such a medicine will do well to commence the use of S. S. S. at once. S. S. S. restores lost energy, relieves the tired, worn-out feeling, helps the appetite, aids digestion, and adds tone and vigor to the system. THE SWIFT SPECIFIC CO., ATLANTA, GA.

DRUGGISTS BLAMED BY SIX OF SEVEN "DRUNKS" TODAY

Only One Admitted That He Secured His "Ammunition" in a Saloon and Designated the Place.

Again yesterday the officers kept close surveillance of the saloons to see that the Sunday closing ordinance was enforced. Nevertheless seven drunks were towed to the lock-up and all but one of them declared that they had secured their "ammunition" at drugstores. A pint bottle partially filled with Bourbon whiskey and bearing the label of a well-known pharmacy was taken from one of the offenders. William Cunningham, when brought into court this morning, named a bar on North First street as the place where he had secured his liquor. City Attorney H. L. Maxfield is confined to his home with a severe attack of tonsillitis and but for this fact steps would have been taken today to prosecute the alleged offender. It is likely that the matter will be taken up in a day or two.

Cunningham was allowed to go under promise to pay his fine and costs of \$3.10 within a stated interval. A like amount was levied against William Kelly, but sentence was suspended in order to allow him to state the dust of the city. The case of Joe Wells of Afton was adjourned in order to give him time to get the money. Jerry Murphy paid \$4.10 fine and costs, and Otto Lenz, A. Cunningham, and Edward Pierce, \$3.10 each, for drunkenness.

Liquor may lawfully be procured at drug stores on condition that the buyer registers his name and declares it to be his intention to use the stuff for medicinal, artistic, or scientific purposes. There is nothing, therefore, to indicate that the druggists have been guilty of any illegal act.

PRETTY WEDDING IN THE EARLY MORNING

Miss Louise Brummond Weds Joseph E. O'Grady at St. Patrick's Church.

This morning at 6:30 o'clock Joseph E. O'Grady and Miss Louise M. Brummond were quietly wedded at St. Patrick's church. The Rev. Dean E. M. McGinnity officiating. Miss Mary E. O'Grady and John A. O'Grady, sister and brother of the groom, acted as maid of honor and best man. After the ceremony the wedding party proceeded to the home of the groom's parents, Mr. and Mrs. J. E. O'Grady, 151 Hickory street, where a delicious wedding breakfast was served. The bride and groom left at noon on an extended wedding trip, through the south and east, after which they will make their future home in one of the southern states, followed by the best wishes of a host of friends.

JANESVILLE TOOK MANY THIRD PLACES

But Oak Park, Chicago, Athletics and Weight Man from Joliet Outclassed Other Competitors.

In the Beloit college interscholastic track and field meet at Beloit Saturday afternoon the Janesville high school athletes captured more points than any other competing team from Wisconsin but were outclassed by the representatives of Oak Park, Chicago, and a weight man from Joliet, Ill. The winners gathered in 50 points, Joliet, 22; Rockford, 18; Janesville, 11 1/2; Stoughton, 5; Beloit, 4; and Evansville, 1/2. A number of the Oak Park contestants and Giffin of Joliet would be credits to a college. Randolph of Oak Park captured three firsts—50 yard dash, 100 yard dash, and broad jump—and a second—the discus throw. Giffin took four firsts—shot put, discus throw, hammer throw, and high jump.

Of the Janesville participants Roy Church made the best showing, taking second in the hammer throw and third in the shot put. With more practice on form and training he will capture honors in the state interscholastic. The mile relay team also promises to do good work at Madison, having taken second place. Oak Park was first and Rockford third. W. B. Tallman did second best for the Bower City, securing third in the 220 yard dash, third in the broad jump and tying Richardson of Evansville for third in the high jump. Leo Aspinwall followed with two thirds—the 50 yard and 100 yard dashes. Roger Cunningham won third in the 440 yard dash. Clarence Horkey third in 880 yard run and Leigh Woodworth took third in the hammer throw.

OLD LANDMARK SOLD TO FARMER FOR \$40

Blacksmith Building at Corner of Milwaukee and South Bluff Street Went Under Hammer.

Under the hammer of Auctioneer W. T. Dooley the old blacksmith shop at the corner of East Milwaukee and South Bluff streets was sold this afternoon for \$40. The purchaser was Fred Risch, a farmer residing three miles from the city in the town of Janesville. The bidding, which began at two o'clock, opened on \$10 and proceeded by small jumps to \$25. Risch and another farmer then raised it steadily at a half-dollar pace to \$35.50, when Risch said \$40 and the salesman and clerk called the deal closed. The structure is an old landmark of the city, having been built over sixty years ago. The purchaser will immediately tear the building down and remove the material to his farm. The owners of the site, J. M. Bostwick & Sons, intend to smooth off the land and seed it. A new building will probably be erected there next year.

BAPTISTS TO SEND VAUGHAN ON TRIP

Have Raised Purse That Pastor May Attend Church Meetings at Washington and Jamestown.

Members of the Janesville Baptist church have made up a purse of sixty dollars to send their pastor, Rev. R. M. Vaughan, to two national church meetings at Washington, D. C., and Jamestown, Va. He will depart a week from today and from May 14 to 21 attend the National Baptist Anniversary at Washington. This meeting is a conference of the Home and Foreign Missionary and Publication societies and will mark an important stage in the development of the church, it being planned to organize a representative convention. The other meeting, which is to be held May 22 and 23 in one of the Jamestown exhibition buildings is the triennial convention of the Baptists of North America. At both sessions Mr. Vaughan will represent the Wisconsin State Baptist convention.

In Justice Court: In Judge Reeder's court today the action of T. P. Burns vs. Patrick Clark was adjourned one week.

SURVEYORS AT WORK ON NEW YARDS' SITE

Are Remeasuring and Placing Stakes—Gardner Here on Special Train.

L. J. Putnam, the civil engineer in charge of the new freight assorting yards, engine house and shops at South Janesville, has a force of three surveyors at work on the site. The men are remeasuring the land, placing stakes and otherwise preparing for the commencement of construction operations.

W. A. Gardner, vice-president of the Chicago & North-Western company, and Lloyd W. Bowers, general counsel for the road, passed through Janesville enroute from Chicago to Madison, on a special train shortly after one o'clock this afternoon. Mr. Gardner stated that the new yard proposition was progressing rapidly and satisfactorily and that there was no foreseen obstacle to a completion of the work according to the plans. "It is possible," he said, "that the new bridge over Rock river may be built this year. Of course the plans and specifications for it have not been finished and it may be that the iron manufacturers will not be able to fill our order for some time. It is very probable that the present stone piers and abutments will be enlarged and a new double track iron structure placed upon them. The present bridge is comparatively new and will no doubt be moved and used at some other point." Then he added, "and of course we have to get the money to pay for this bridge before we build it."

It is not necessary to come to town to draw the money; the simple endorsement of the certificate makes it good in the hands of the bearer and the accrued interest too is payable to the holder whoever he may be provided, of course, the certificate bears the proper endorsement of the person to whom it was issued.

BASEBALL TOPICS.

Jennings Has New Training Plan For Detroit Team.

HOW TO SLIDE TO BASES, ETC.

Harry Lumley, Great Outfielder of Brooklyn Team, Is One of Most Valuable Players in the Game—His Bating Ability.

The Detroit American club's new manager, Hugh Jennings, is not only intensely practical, but also highly original. When you went to school as a boy you probably kicked against getting lessons because you wanted to play ball. But the major league ball players—at least the Tigers—have their lessons to study, night after night, for that their whole time is devoted to the game.

They can't dodge study by playing ball. Manager Jennings has had copies made of baseball articles written by himself, and each player is given one at stated intervals, dealing with various phases of the work. It is not written along a set line of action. Each treatise is just an article dealing with certain fine points of the game, aiming to lend the players helpful hints toward perfection.

Jennings knows how to keep his boys interested. His talks are always on some baseball topic that will help them and yet keep them interested. It is in this style that his essays are written.

Base sliding, particularly, is given attention. He warns them against keeping their feet too far apart while leading off first. He shows the advantages of sliding foremost into the bases and details the different styles.

More interesting than anything else is his insistence that, third base is no harder to steal than second. He urges them all to try it as much as possible.

Harry Lumley of Brooklyn is considered to be one of the most valuable ball players in the country. His worth has so increased during the past three years that he has brought his club out of the mire and put it on a paying basis. From the manner in which the club hangs on to him it is estimated that he actually represents \$20,000 of the club's assets.

Large sums have been offered for the great star by the other rich clubs of the league, and they have all been turned down. During the past two seasons there is not a club in the en-

tire National organization that has not made some proposition to Owner Ebbets for this man.

The amount of money in some of these offers would represent the entire value of many ball clubs in the minor leagues.

Ever since Charles Murphy took hold of the Chicago National club, he has been in red-hot chase of Lumley. A year ago last winter Murphy spent the greater part of a week in New York trying to land Lumley to play with the Cubs.

The New York club has made wonderful offers to land him, and Cincinnati, Pittsburgh, and all of the other National clubs have been in the rush to grab off the terrible swatter of the league.

Lumley is a ball player who stands alone in the league. He is the heaviest hitter that has swung a bat in that organization in many years, and some of the old time fans declare that in all their experience they have never seen a man that could rap out the ball so hard and keep it up game after game.

Lumley plays in the outfield and besides being a good hitter has the arm to throw and the legs to run that make a No. 1 fielder and base runner.

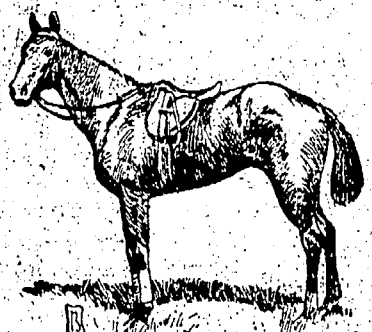

The question of shortening the big baseball league schedules is somewhat threatening; but it is being thrust to the front again by the intolerable baseball weather that has prevailed all over the country during the early games of this season.

President Johnson has been quoted as saying in Cleveland that under no circumstances will the American league open the season again in winter, but he has declared almost as much before changing his mind when confronted with the alternative of allowing the National league to open at an earlier date and thus get the benefit of the fireworks that invariably attend the beginning of real baseball each year.

RUNNING HORSE OUTLOOK.

Not a Year of "Class" Is This, Say Turf Sharps.

Rarely are running horse experts downcast at any phase of a season's outlook early in the year. The true turfman is a hopeful critter. He has to be or else he would soon die of nervous prostration. But this year several of the veteran forecasters say that the class of racers that will predominate will be below that of most previous years. They do not look for any new records of importance, but they do say that financially the present campaign will prove highly successful owing to the large number of entries in

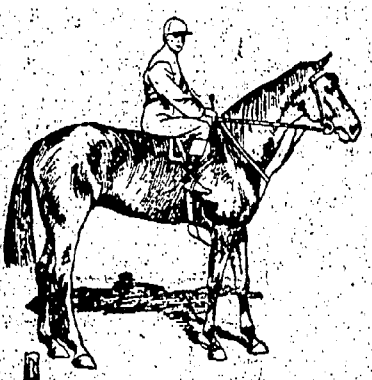

ROSEBEN, NOTED SPRINTER.

and because of the liberal manner in which the public is patronizing the various tracks.

Among the horses looked on as certain to prove successful winners are Roseben, the able sprinter owned by Dary Johnson; Salvadore, the champion two-year-old of last year, owned by Thomas Hitchcock, Jr., and Peter Pan, Masks and Faces, Knokki and Bohemian, owned by J. R. Keene. Masks and Faces began winning at Bannings.

Mr. Keene led the list of winners last year and is looked on to repeat the same "trick" this season. He has the biggest and most imposing stable.

Jockey Charlie Koerner, whose home is in Louisville and who was one of

SALVADORE, LEADING TWO-YEAR-OLD OF 1906.

the sensations of the Pacific coast last season, is in New York with his contract employer, Wayne Joplin. Koerner will ride for Harry Payne Whitney during the metropolitan racing season in addition to riding for Mr. Joplin.

Ormondale, winner of the Futurity of 1906 and of the Broadway stakes at Gravesend, New York, last year, will probably never race again. He was retired after the Fall handicap at Sheepshead Bay last fall and spent the winter at John Hynes' farm in Stamford, Conn. A few days ago he was sent to Matt Allen, who is handling the Ormondale stable's horses this year, to be trained. Allen has decided that the colt will not stand training, and in a short time he will be shipped to Kentucky to be used for breeding purposes.

Ormondale defeated a high class field when he won the Futurity and was considered the best runner that Ormondale, "the horse of the century," ever sent to the races. His dam was Santa Bella. Ormondale is expected to prove a great success as a sire.

The English running race campaign is on in earnest, and the best horses

in the big events, as "doped" out by a famous London authority, are as follows:

Keystone, Troutbeck, Spearpoint, Polymelus, Slieve Gallion, Traquair, Polar Star, Galvani, My Pet II, Dean Swift, Mintagon, Velocity, The White Knight, His Eminence, Rocketter, Gold Riach, Ramrod, Succor, Bezonian, Fra Diavolo and Hillsprite.

Cates Will Coach Middies Again.

After much persuasion the Naval academy authorities have obtained the consent of John M. Cates, Yale end of 1906, to return to the academy next season as field coach of the football team. Cates acted in that capacity for the victorious team of last season, and was greatly liked by the navy contingent. He has accepted a business position at South Bend, Ind., and did not expect to return to the academy, but after strong efforts he was persuaded to return next season. Lieutenant Joseph M. Reeves, United States navy, will be head coach, succeeding Professor Paul J. Dashiell.

MANY BALL LEAGUES

Tremendous Interests Involved in National Game.

MONTHLY SALARIES \$600,000.

More Than 4,000 Players Employed and Almost 11,000 Games Scheduled For the Season of 1907—Safe Investment For Capital.

The two major leagues are now fairly launched upon their 1907 campaigns, with every prospect of a highly successful season for each. There is absolutely nothing to indicate that the interest and enthusiasm will be less than last season, which was admittedly the banner year for both National league and American league, and this alone assures the financial success of the season.

To that must be added the fact that all teams have been so strengthened and equalized that another wonderful race is practically certain for the junior major league, and a much closer race for the senior league may be anticipated. Under the circumstances nothing short of a cataclysm can prevent another splendid major league season.

The vast body of minor leagues is now also in motion. Almost all of the National association leagues have started their respective races. Apropos to this the following table, giving the beginning and ending of the season of each league in the "organized ball" family, together with the number of games scheduled for each, is timely, interesting and useful for ready reference. This table includes practically all leagues which have announced their

JOSEPH TINKER, CHICAGO NATIONAL SHORTSTOP.

[Joseph Tinker of the Chicago Nationals is said by many fans to be the best shortstop in America, but others hold Terry Turner of the Cleveland Americans as the rightful holder of the title. Tinker materially aided his team in capturing the pennant last year.]

1907 schedules up to the time this is written:

League.	Opening Date.	Closes Games.
National	April 11	Oct. 6 615
American	April 11	Oct. 6 615
Eastern	April 24	Sept. 14 590
American Assn.	April 16	Sept. 16 616

Maine State	May 12	Sept. 20 500
Eastern Illinois	May 24	Sept. 24 282

In the minor league field, as in the major league arena, the conditions for a successful season for each and every league, operating under "organized ball" are most favorable. Business everywhere is excellent, population is steadily increasing in all sections, with peace in the baseball world; salaries and operating expenses are gradually approaching the normal, and under the national agreement there is absolute security for the capital already invested and encouragement for new investment and new blood.

The value of organization under the supreme, all embracing national agreement may be judged upon the fact that in addition to the two great major leagues there are in operation under the National association the twenty-eight leagues enumerated above, together with a half dozen less important leagues—with a total of 126 clubs.

The immensity of the operation may be surmised from the absolutely correct statement that these leagues employ over 4,000 players at over \$600,000 per month in salaries and that they are scheduled for 10,502 championship games in the present season.

PRESIDENT STANDS FOR EXACT JUSTICE

NEW LETTER ON MOYER-HAYWOOD-PETTIBONE CASE.

REPLY TO GOTHAM UNION

Quotes from His Communication to the Attorney General Last Year—Committee Was Satisfied.

New York, May 6.—In a letter read Sunday before the Central Federated Union President Roosevelt stated that if evidence is submitted to him showing that there has been a miscarriage of justice for or against Moyer and Haywood, awaiting trial at Boise, Idaho, charged with the murder of former Gov. Steiensen, he will bring such evidence to the attention of the attorney general for such action, if any, as it may be in the power of the federal authorities to take.

The communication was the formal reply of the president to the committee of the union which recently called upon the president in Washington and requested him to set forth in general his attitude toward the accused men, and specifically why he had referred to Moyer and Haywood as "undesirable citizens."

Text of the Letter.

The president's letter follows: "The White House, Washington, May 2, '07.

"My Dear Mr. Henry—When you, in company with Messrs. Coakley and Brown called upon me this morning I read you the letter I had written to the attorney general on March 25, 1906. At your request I gladly send you the following extract from that letter:

"Our duty is (if it should ever happen that we had any power in the matter) to see that exact justice is done, these men. There must be no condonation of lawlessness on our part, even if the lawlessness takes the form of an effort to avenge the wrongs committed by the lawlessness of others. The sole questions as regards Haywood and Moyer must be the question whether or not they can be shown to be guilty of this particular act, and their legal rights must be as carefully safeguarded as those of any other men.

"It is alleged that they were extradited from Colorado in a manner that amounted to a betrayal of their legal rights. I should like to have the district attorney of Colorado, and if necessary, the district attorney of Idaho, give me such information as they can on this point. I should like to get from the district attorney of Idaho any information that he can obtain as to whether or not there has been the slightest disposition shown by the authorities in Idaho, to act toward these men in an unfair or improper manner, or to deny them their legal rights. On the other hand I should like to know whether there is any symptom of a miscarriage of justice in their favor.

Must Have Exact Justice.

"The intemperate violence with which the socialist or labor papers, like that of Debs, and I am sorry to say some labor organizations, have insisted without any knowledge of the facts upon treating these men as martyrs to the cause of labor has unquestionably resulted in tremendous pressure being brought to bear upon the authorities of Idaho to discharge or acquit them, whether guilty or innocent. So far as the unions are anxious only to see that exact justice is done these men; that they are given their full legal rights and not condemned unless proved guilty of this specific act, they are entitled to the cordial cooperation of all just and fair-minded citizens. So far as by any action, or by murderous and treasonable language, such as that quoted above from Debs, (and others) they tend to bring pressure to bear upon the state authorities and the courts, to obstruct the course of justice, and to render it difficult to convict the men if guilty, they are equally without stint to be condemned, and anything that the federal authorities can do, in either event, to further the cause of justice, is to be done.

"In response to your question, I trust, needless for me to say that at any time you or anyone else can submit to me any evidence showing that there has been a miscarriage of justice for or against Messrs. Moyer or Haywood, which you believe it is in my power to remedy, I will at once bring such evidence to the attention of the attorney general to have him give it the fullest consideration and to take thereon such action, if any, as it may be in the power of the federal authorities to take. Sincerely yours, Theodore Roosevelt."

Coakley Defends President.

In the discussion that followed a motion to accept the committee's report a delegate charged that the president had evaded the issue. This called forth a response from Delegate Coakley. The latter said that the committee considered the interview satisfactory and that it was "not up to the president to prove that there had been a miscarriage of justice, but to those defending Moyer and Haywood."

After several delegates had been heard it was decided to forward a copy of the letter to counsel for the indicted Idaho labor leaders and let them submit to President Roosevelt any evidence they might have that there had been a miscarriage of justice in the extradition of the men.

GRAFTERS WILL BE SUED

ATTORNEY GENERAL OF PENN. SYLVANIA IS READY TO ACT.

Disclosures in Capitol Scandal Are to Result in Civil and Criminal Proceedings.

Pittsburg, Pa., May 6.—Civil and criminal suits will be brought by Attorney General Todd against those responsible for the state capitol scandal. A complete list of those who will be named as defendants will not be known until the inquiry is completed. The commission will hold no more public sessions until after the legislative adjourns on May 16.

The suits will be based on the testimony showing that the contractor collected from the state for 752 thermometers and installed only 363, and on the substitution of domestic for baccarat glass and an inferior glass for Tiffany favrite. John H. Sanderson & Co., general contractors for the furnishings; Joseph M. Huston, architect for the building commission and also the board of grounds and buildings, are among those involved in the scandal.

The testimony also shows that while the more elaborate of the \$2,000,000 worth of lighting fixtures were to be mercurial gold, the bulk of those installed were merely lacquered, the latter process costing one-tenth the price of the former. All these fixtures were supplied to the state at a cost of \$7.85 "per pound."

The reports of the experts which will be made to the commission before the public hearings are resumed, will show that the measurements of the parquet flooring, painting and decorating and other fittings were falsified and that the contractor's profit on the \$2,000,000 metallic furniture contract was 500 per cent. It is estimated that Sanderson's profits on the \$5,566,785 paid to him by the state for the furnishings, were \$2,500,000.

Former Gov. Pennypacker, who was president of the board until he went out of office last January and was a party to all the furnishings contracts, issued a public statement last fall that not a dollar was misapplied by the board; that the building could not be duplicated for \$13,000,000; that no bill was finally settled until the article had been measured or weighed, as schedule required, and that every bill was certified to by Huston and Shumaker as to its accuracy before paid. In view of the recent disclosures the public is eagerly waiting Pennypacker's explanation of the action of the board in approving and paying these bills.

GEN. J. K. HUDSON IS DEAD.

Well-Known Soldier and Newspaper Man of Kansas.

Topeka, Kan., May 6.—Gen. Joseph K. Hudson died at his home here Sunday. He was stricken with heart failure in December last, and ever since then had been in a failing condition.

Gen. Hudson was born in Carroll county, O., in 1848. He joined the Third Kansas volunteers at the opening of the civil war and was mustered out as a major in 1865. He served in the Kansas legislature in 1871 and later became state printer. In 1879 he became publisher of the Topeka Capital, and was a powerful newspaper and political factor. In 1898 he was appointed brigadier general of volunteers in the war with Spain.

TO PROBE KANSAS CITY POLICE.

Charges of Graft and Corruption Will Be Investigated.

Kansas City, Mo., May 6.—Monday the board of police commissioners will begin the promised investigation of charges of police corruption. The probable advent in Kansas City within the next week or so of Gov. Folk, who has practically said he would come here and take a hand personally in the investigation, gives promise of sensational disclosures.

Blaze in Chicago Packing House.

Chicago, May 6.—A stubborn fire, 150 feet in the air, was successfully fought in the sixth and seventh stories of the porkhouse of the Schwartzschild & Sulzberger company, Ashland avenue and Forty-first street Sunday. Officials of the company refused to estimate the damage, but intimated it would be near \$100,000. Almost as much damage was done by water as by fire, tons of water from half a hundred streams being poured on the blazing structure for several hours.

Negro Shoots Divorced Wife.

Wichita, Kan., May 6.—Andrew Burbridge, a prominent negro clergyman, Sunday broke into the house of his divorced wife, who had refused to return to him, and shot her six times in the breast and abdomen, inflicting wounds that will cause death. He fled and was found in the country three miles distant, with a self-inflicted bullet wound in the side. He will recover.

Winona Woman Recluse Dies.

Winona, Minn., May 6.—Mrs. Mary Hurley, aged 84 years, once prominent in Winona society, but who for several years had been a recluse, was found dead in her home, where, according to the coroner, she had lain since Friday. Heart failure apparently caused death.

Benjamin Warren, of Peoria, Dies.

Peoria, Ill., May 6.—Benjamin Warren, Jr., a member of the Peoria and Chicago boards of trade, died here Sunday of Bright's disease and diabetes, aged 55 years.

Women Inmates of Prison.

Out of every 1,000 prison inmates in the United States, 65 are women.

Rather Mystifying.

"Toodles"—and what a silly name that is for a bright and lively kid—is four years old and his mamma, papa, think he's just about the best boy that ever lived; but the other day he got just a bit cross about something or other, and an "Oh, the devil," slipped out before he knew it. Of course, his mother was grieved and hurt, and she told Toodles so. She explained that he mustn't be naughty, and that above all things he must not swear. "But, mamma," said Toodles, "it ain't swearing to say that, 'cause there is a devil." "But, my dear," said Toodles' mamma, "you must not make light of sacred things."

Where the "Brave" Excelled.

Bloodthirsty, vindictive, treacherous, crafty, scornful of suffering, brave unto death when at bay, more cunning than the fox, and of infinite patience on the trail, the Indian has proven more than a match for the white in the jungle. It is certain that more whites than savages have perished in forest fighting. But in set battle the redman is without steadfastness and perseverance. The least reverse disheartens him. After the first mad rush his purpose wanes and the slightest check is apt to dispirit his capricious mind.—Outing Magazine.

Unable to Find the Word.

The editor of a country paper entered his office one morning recently to be met by a subordinate with the startling intelligence that during the night some despicable wretch had stolen every book of reference in the place. "What do you think of a man who would do a thing like that?" angrily demanded the subordinate. "As he has taken even the dictionary," said the editor, "I should say that we are wholly at a loss for words to express our indignation."

In Grip's Deadly Wake.

Persons of advanced years, especially should guard against the grip. With them it is likely to attack the heart. The most ordinary cases, in persons of all ages, sometimes develop into appendicitis, neuritis, pneumonia or bronchitis. Medical scientists have only just convinced themselves of its close relationship to these diseases.

CLINTON JOTTINGS OF
SPECIAL INTERESTDoings of the Village—Talk of the
July Home Coming—Other
Gossip.

[SPECIAL TO THE GAZETTE.]

Clinton, May 6.—O. L. Woodward, president of the local Independent Telephone company, attended a special meeting of the Independent Telephone Association of Wisconsin, last Saturday in Milwaukee. The association is trying to block some legislation which the Bell company is trying to have passed, which is against the interest of the independent companies.

The A. K. Q. K. T. club held its last meeting of the season at the home of Mr. and Mrs. E. B. Kizer. Mr. F. M. Barrus and Mrs. E. P. Prull won the prizes, all of the ladies making better scores than the gentlemen.

Mrs. W. P. Leek occupied the M. E. church pulpit Sunday morning and gave a very able sermon. Mrs. Leek is wife of Rev. Leek, who was pastor of this charge a few years ago.

Clinton's "home coming," July 4, 5, 6, promises to be the largest event in history of Clinton. A large amount of work has been done by the different committees and, with a strong, steady pull it cannot help but be a success in every way.

The new house which is being erected for Editor Helmer of the Rock County Banner, is expected to be one of the nicest houses in the village.

The New Highland Park add to Clinton is booming and with five new, elegant houses it looks very metropolitan. The wide lawns, broad terraces, on each side of the avenue make it by far the prettiest street in town and many have said it is the prettiest street in southern Wisconsin, no city excepted.

I. Woodward is improving his residence very materially by the addition of a modern piazza and new vestibule, together with elegant front doors of lever plate glass. He expects to raise the back part to two stories and add a new dining room.

Mrs. Abbie Teeler's sale of household goods Saturday drew quite a crowd and she disposed of all of her goods at fair prices. She expects to leave shortly for Massachusetts to make her future home.

Mr. H. J. Napper and Mrs. Cheever have the best lighted stores in town. Each has a new gas-lighting system which certainly is a success.

G. C. Babcock is going to make extensive alterations in his residence, corner Cross and Durand streets.

Prof. Hopkins of the University of Chicago is giving a series of stereopticon lectures on India at the Baptist church. His lectures are interesting and instructive and a full house greeted him last night. He will lecture Monday and Tuesday evenings.

Prof. Hopkins is a school-mate of Rev. Clyde McGeel.

Contractor Daniels will commence work on H. A. Moehlennah's new home on Highland Park avenue as soon as he has F. R. Helmer's house enclosed. The stone for the foundation is already on the ground and the work of digging the cellar will be commenced at once.

F. W. Herron's new home on Highland Park avenue is almost ready for occupancy. Fred has the prize home of Clinton up to this time. It is certainly a model.

W. A. Mayhew has sold his Cadillac touring car. Mr. Mayhew has come to the conclusion that motoring is alright for millionaires, but one season is all he can stand, and thinks it is cheaper to walk.

Mr. and Mrs. C. C. Smith are enjoying their new Pierce touring car. Mr. Pierce finds it a great help in going to buy wool in the country.

REV. CHRISTY CALLED
TO A LARGE FIELD

But the Congregation and His Many Friends Hope That He Will Decide to Remain in Janesville.

Rev. William Passavant Christy, pastor of St. Peter's English Evangelical Lutheran church, announced to his congregation yesterday that he had received a call to the position of general secretary of the Chicago Lutheran Theological seminary, to fill the place made vacant by the resignation of Rev. G. F. Gehl. As to whether or not he will accept the call, he is undecided. It would mean a larger field and a larger salary, as the duties of the general secretary carry him from ocean to ocean and from Canada to Mexico in the performance of his duties of soliciting funds and inducing young men to enter the ministry. Mr. Christy does not, however, consider the personal proposition and will be guided mainly in reaching his decision by what he thinks is for the best interest of the church in general. Members of the congregation are greatly wrought up over this new turn of affairs and will do their utmost to persuade the pastor to remain in a field where he has worked wonders within the brief space of three years. The Janesville congregation has shown the greatest increase of the past year in the Synod of the Northwest, which takes in the belt of states as far toward the Pacific as Montana. It has secured a church building, a \$2,000 organ, and has a membership of over two hundred. The Deacons of the church will hold their regular meeting tomorrow evening, at which time some action with regard to the matter will undoubtedly be taken. The hope that Rev. Christy may decide to remain in Janesville will be shared by scores of people outside of his flock who have been made lasting friends and admirers by his genial personality and man-to-man methods.
